For sale...

Moog Voyager RME = SOLD!!

Minty fresh condition. Three variable waveshape oscillators sound like a cream dream... with a blue back-lit display. Manual included.

Oto Machines Biscuit = \$500

Like new. Comes with power adapter.

C-Thru Music Axis-49 = \$270

Harmonic Table USB Controller. Very fun to control synths via iConnectMidi. Perfect condition. Comes in original box with USB cord and unused note sticker sheet.

Boss RE-20 Space Echo Delay Pedal = \$200

Digital version of an analog classic. Sounds and looks great. Comes with power adapter, manual, and original box.

Critter & Guitari Pocket Piano MIDI = \$200

Comes with power adapter. Great condition, and super fun!

Pelican 1560 Case with Foam Intact = \$190

Orange. Not a scratch. Never used. Great for safely transporting your Elektron boxes or other gear.

Pelican iM2720 Storm Case with Foam Intact = \$190

Olive colored. Great unused condition.

Korg Kaoss Pad Mini = \$100

Original box. Fair condition with one small ding on pad. Works great.

Pics of everything and anything available upon request.

Have received some good trader shout-outs.

Shipping extra, but I'll try to keep it inexpensive. Worldwide shipping possibly available, but pretty pricey unfortunately.

Trades considered. Looking for white Moogerfoogers, a CP-251, and maybe an mp-201.

=====

Moog sold! Thanks, Phesago.

All else still available. Prices not set in stone and trades considered. Hit me up. :)
