Hi guys what do you think about an VO 6 contest?

The rules could be that the vocal samples becomes only from VO6 machine (MnM), the content and duration are indifferent, obviously the rule is to try to extract vocal samples as similar as possible to real voice..

IÂ´m in! Everybody should do the same phrase or sentence. Would be cool way to learn from each other. :)

Long time ago I programmed my MnM to say numbers (1,2,3,4, etc), which was good exercise and turned out I could use them elsewhere too.
