What happened to the contests ?

Posted by eminor9 - 2006/06/29 12:17

_____

Alternatively there should be something like a sysex sharing department for education purposes.

Analizing kits/machines is the best school imho and could be an immense source of inspiration, no ?

_____

We could do another one ... anyone interested? It might be interesting to see what people can do with a single ROM machine if we work off the same sample.

Also, I'd be up for another Mono contest.
