## Some Raw Analog Sounds for Octatrack

Posted by cl516 - 2011/01/21 08:30

---

I recorded some analog modulating sounds this afternoon straight to tape before dumping them to computer. I thought it'd be a great way to celebrate the arrival of the Octatrack!!

CLICK TO CHECK IT OUT! (If the soundcloud player is working)

it's just a Studer A810. Dissed by some as a broadcast machine, but sounds pretty good for my uses. just came back from service 2 weeks ago.

Very useful indeed, thanks for the effort on your good looking blog and all the samples provided.  
Nice.
