## mark all as read?

Posted by sleepassistant - 2011/06/08 23:35

new to planet earth and, since coming here, I was wondering if one could mark all posts as "read". kind of daunting/exciting to see "1583 new posts" next to each subforum. B)

EDIT didn't notice that all I had to do was re-log after clicking into each of the forums  
:know:
