Here is a new E.P. that just got finished, and is coming out on Pronto Musique in Montreal.

Quite organic, with some Elektron hints here and there :)

Enjoy!

Digital only for now, we're getting remixes done, we will probably put some of them on vinyl!  
Glad you enjoyed them!

Going against the flow here, All I see is you is definitely my favourite. Love the cinematic key progression especially.  
Reminds me end 60 early 70 french film music.
