
OT, MNM, MD worksheet

Posted by Caustic Crush - 2012/03/12 08:55

Might be good for jotting down ideas. You can circle the numbers, or fill them in. Sometimes I come back to stuff after a month and forget the funk. I completely stole this idea from the MD/MM live sheet.

Hope someone can use this. I'll include the excel sheet so you guys can fix it to your liking...?

---never mind-- I can't seem to upload the excel or pdf--

you can use PDF pro to convert your EXCEL sheet to a jpg (I can do it if you want) PM and I'll take care of it.

B) Thanks for contacting me, Dubgil--I still have this worksheet--

Could an admin help me get this to the sandbox?

I have a PDF and an excel file still available. Dubgil helped me out with this, but I didn't want to download a free utility at the time.

There are many sites available which are having the facility to convert the excel to pdf online like freepdfconvert.com, exceltopdfconverter.com/ etc...
