monomachine midi patch name(.midnam)
Posted by dcapor - 2007/04/08 06:22
_____

hello,
i'm looking for the elektron midi patchname for pro tools!
I'd appreciate it,
regards,
dc

_____

My guess is that no one has created one. If you're running on a Mac, you can create your own with CherryPicker. It may
seem confusing for half an hour, but stick to it, and you'll have one finished quickly enough.
