
Can\'t Send PMs to any Mods

Posted by RubixGroove - 2012/09/07 01:55

Trying to get ahold of Kirlian! Can't send messages to mods from what it seems. Quite strange. I remember this issue a while back, not sure if it was contained to a few users or if it's on the site's server end.

Anyway! Just letting y'all know the problem is back, that is if you didn't already know.
Kirlian! If you still have my phone number, let me know! :kiss:

Ha

Peace!
