Someone kill Gilbert
Posted by darenager - 2012/07/13 22:14

Spammer, kill, please.

We're trying to delete his posts at least. Please be patient. Right now it's just me going through and deleting his posts. Yes, we need better spam protection, but things are in a bit of flux site admin-wise, as you can imagine.

I'm only on mobile, sorry but no chance helping you out PT.

Us mods can only delete posts. Only super admins have the privileges to delete user accounts.
