Will be bringing a serious 13U modular + MD + MnM rig. Will also be recording the whole night for everyone to enjoy everywhere at any time.

Final list of performers confirmed, and an almost perfect line up.

I'm delighted to announce...

Dataline  
Secret Music  
Future Image  
Plova  
The Beat Hub Sound System  
Eftpe

Having met all but one of these guys before, I can tell you that as well as being some of the most inspirational musicians around they are also some of the nicest guys you could ever run into.

This will be an amazing night!

This is amazing news.

I'll assume im the one person you haven't met, because I know I haven't met you either :)

Thanks for letting me get involved, really looking forward to it.

By the way, I'm not a nice guy. I'm a very bad person.

:evil:

This might get Tib to come along....

Can't wait for this. See y'all Saturday.

Excellent. You're the one we've been waiting for then...

Quick mid-week bump!

Only a matter of days now!

And good it was. Great to see everyone there. Good atmosphere and awesome music. Well done Toby for organizing the event. Can't wait to hear some of the sets back. (apart from mine) :ohmy: :laugh: end of an era for me, time now to get serious with the a4.

Fun times! A great atmos with friendly people playing some excellent music.

Joe: Well in for making the journey down, especially lugging the Virus with you!

Ash: Great to meet you and to check out ya Octatrack-props.

Finlay: It's like you are patched directly into those machines.

Stef: Apologies for missing your set :unsure: Next time....

Cenk: Amazing stuff as ever, good luck with you travels over the week.

Toby: Thanks for making it happen, when's the next one?

Seriously though, this is definitely something we should do on a more regular basis.
