Systems of Memory - Live @ MeMe 2013 - 08-03-13

Posted by Ihatederekreed - 2013/08/08 04:16

_____

Just uploaded our live set from MeMe Festival 2013 last weekend in Indianapolis, IN. 30 minutes of improv using 2 analog fours, 2 machinedrum UWs, op1, iPad (nave, samplr, midi studio pro), tt303, and eventide space. The recording is straight from the FOH board with no editing or additions of any kind. Raw audio.

Enjoy.
