
Just heard Venndiagram on WRAS 88.5 in Atlanta ::CONGRATS::

Over the last few weeks, Georgia State University Radio WRAS has played Venndiagram in their rotation. It's good to hear a fellow EU member on the radio on my way to and from work. Congrats!

I think onanonanon made that happen. Either way, VD is on heavy rotation. Good stuff. First time I heard I thought, hmmm, that sounds like a machinedrum is involved in that song.

There's always MD / MnM in everything I do at the very least.

Quite a bit of A4 and slowly incorporating the OT as well.

Though a few tracks are nearly all MnM and MD (Miasma being a case in point).
