
[LIVE] Bebop & Rocksteady - (MNM, OT, Tempest, ESX, Biscuit)

Posted by molotov - 2013/08/17 22:06

Did a live hardware jam with my friend Ben Pest in Dublin earlier this month,

we used: Octatrack, Monomachine, Korg ESX, Tempest and OTO Biscuit

It's pretty rough, but's that's the style I guess ;)
