Ambient / IDM a sonic adventure
Posted by the dreammer - 2013/08/24 03:20

_____

Hiya folks.

Its my new minialbum, to make this i needed :
- an octatrack
- a machinedrum
- a monomachine
- a vs2400
- crappy laptop running Reaper and renoise , glitch vst and w1 limiter vst.
- a few sleepless nights
- my wife not getting angry for staying up to enjoy the silence of the night.

Enjoy
