## Neil Baldwin: Here Comes The Storm

Posted by neilbaldwin - 2013/08/27 00:32

---

I think I forgot to post a link to this. Made with my guitar and my Octatrack (and a couple of field recordings). Drones are the OT using sampled guitar as source material.

nice one!  
preparing a release with such material?

---

this is great, I really like the juxtaposition of the field recordings among the guitar and drone elements.

nice work.
