## #elektronproblems

Posted by biologik - 2013/08/28 09:41

---

A few weeks ago I started bringing individual pieces of my kit to bed (MD, OT, and now MnM) since I couldn't find a good book to get into. This was great -- until a few days ago when I added my MnM to my MD. Yesterday I tried to bring in the OT and hook up my trinity by my bedside.

Wife was not impressed.

#elektronproblems :lol:

\*sigh\*
