
OCTATRACK OPERATION

Posted by omenetti - 2013/08/29 06:22

I HAD TO OPEN MY OT TO CLEAN IT AND I TOUGHT THAT IT MIGHT BE USEFULL TO SOMEBODY ELSE TO SEE HOW I DID.

That video demystifies the OT too much. I don't want to see it naked! Gotta leave something to the imagination!

I prefer to think there's magical lazer matrixes and flashing infrared lights being controlled by phosphorescent jellyfish which electrify the board and amplify the sound.

Hahaha you are right but I had to do it, a stupid girl spilled some cocacola near the OT and some of the bottons got stiky :(
