Ping G25 Driver Ping G25 driver is an oversize 460 cc club head with a triangular shape.

Golf clubs for sale produces more distance than the K15, and is still very forgiving for players of all ability levels.

Ping G25 Fairway Wood bombs the ball long and straight which makes the driver a top choice.

Ping g20 irons for sale should stack up against any other driver on the market.

Pretty cool, BM1600!

How many more styles are you going to run through before you settle on one? :silly:

Thanks -

It's been more than 20 years and I have not settled on one :)

Never will - just like fucking with sound, endlessly.

BM1600 is just one of many projects.....

Dare I start shredding on the ibanez ?

To be honest, these are out takes / sketches from my commercial / professional composition work.

More soon.
