Morph4 - updates

Posted by guga - 2013/08/31 09:00

_____

hi all,
just wanted to drop a note for those of you interested. at today, the SFX-JII public beta is over. i'm working on the new enclosure/PCB which should hopefully be ready soon. until then, the SFX-JII will still be available in its 'beta form' (there are still some PCBs left ...just in case)
in the meantime here's a new video of the Morph4. hope you enjoy it
