
Soda Swarm etc - OT + A4

Posted by seenfromspace - 2013/09/07 22:23

Only got my Elektron gear this year, so a new departure for playing live. A couple of ambient tunes now ready to take beyond the house!

<https://soundcloud.com/seenfromspace/sets/live-sets>

Loops pre-produced in Logic, with Omnisphere. Additional voices from Supernova II and Virus C.
