
Elektronauts now available

Posted by Jon - 2013/09/09 21:44

Elektron-users has been replaced by Elektronauts. We hope the new community will be every bit as nice and resourceful as elektron-users has been.

<http://www.elektronauts.com>

Elektron-users has been "frozen". It will still remain as an info database, but posting, registering etc, is not possible. Existing elektron-users members can log in though, meaning if you had an elektron-users account, you can still access your saved favorite threads for example.
