## MnM - Experimental/Improvised

Posted by Cut The Beige Wire - 2013/09/10 00:23

---

A short experimental piece on the Monomachine ...

I really like this. The mono and the sax complements each other very well. Thumbs up. You should make an EP with this approach

Thanks for the listen and the feedback !

One day I wouldn't mind trying to get a few pieces together , that work well together .... one day :)

Love It!!! :-)

R u playing the sax?
