Hello !

I would like to know if any of you is using a tb 303 synced by an OT through a DOPFER MSY 2 which transform the midi signal in SYNC...

I am not able to do it :(

thanks

Callaway X Hot Fairway Wood features a larger head volume and shallow face .

Callaway razr x black driver claim that this is the fastest fairway in the market.

Callaway X Hot Irons increases the forgiveness of the face by 90%.

Golf clubs for sale face joins the head there is a channel on the sole.
