The old ball and chain of a synth is beckoning me once again. I only have interest in the SFX-60 MKII model, and I'd prefer the unit to be in excellent cosmetic condition. If you have a Mono that fits the bill but doesn't fit in your setup I'll gladly take it off your hands. Thanks for your time. Re:Extending feelers for a Monomachine in the U.S Posted by Rusty - 2013/09/16 07:07 Sounds like me, but I'm in Australia.
