
MD Science Lab #02: Remix

Posted by actuel - 2007/11/11 21:21

The MD Science Lab #02 is a remix focused Lab. The file to be remix is provided by Battery Collection (Joe Melnyk). This original file was a MD SPS-1 contest entry from November 2004 (from the Yahoo Group).

Remixing is an art form unto itself. Take your time and have fun mangling. Joe's track provides an excellent starting point. I have compiled a Lab package [HERE](#), or you can find it by visiting Downloads/Science Labs/MD Science Lab 02: Remix. The package contains:

Original Sysex

An MP3 of the file submitted

04 Lab rules: Upload the original sysex file, MD only...no other hardware or vsts can be added, you can use your MD to remix this file however you want, anything in the MD goes, and no overdubbing or postproduction. Entries should at least 1 min. long. Post your MP3 submission here (just click Upload): Downloads/Science Labs/MD Science Lab 02: Remix.

Lab closes on January 30th. Good luck and mangle away!
