## Remove the 5 char search limit

Posted by mos6581 - 2005/06/18 12:37

---

Whats the point of this? Its stupid. I wanted to make a search for bugs but no no, no can do! A 2 char limit I can understand but 5?

Regards,

I'm not sure if it's stupid, but I've lowered the char limit to 2.

I think that's the default so the search returns something meaningful. But you're the first person who has mentioned the search, so it's cool to change it. I can change it to maybe 4 chars if there is a need for it.
