
swiv - Pea sysex and samples

Posted by swiv - 2008/04/23 23:58

I've uploaded a Song + Pat + Kit sysex dump for the track Pea. Oriental string and percussion samples are included in the zip file - see the text file for ROM positions. The kit uses 1.93 MB of samples - hope you can squeeze them in!

Original track is at <http://www.virb.com/swiv>

Have fun!
