MONOMACHINE AS A MASTER SEQU

Posted by CCLIMENT - 2005/06/25 10:04

_____

Hello.
I'd like to use my MM as a master sequ, but it seems not to send (via MIDI OUT) or transmit (via THRU, and another master clock) any clock messages... So I'm using it at the end of my MIDI chain, with the parameter EXT CLOCK. Then it works fine, but that's not what I want to do...
Is there any filter setup i'm didn't see in the global parameters ??
Or is it a bug of the OS (1.05B) or of my unit ??

Thanks.

_____

The Mono works great as a master sequencer. Make sure it's at the top of the MIDI chain, and take a look at the settings in Global -> Control -> Control Out 2. Transport should be set to On if you want to start a sequencer on another device, and Midi Clock should be set to Out.
