Hesitantly selling. I'm not using it as it should/could be used. This increadable synth should go to somebody who will use it.

Smoke Free Studio. I've gigged with it a few times. There is a small scratch on the front. Otherwise it is in like new condition (I purchased it new about a year ago).

Includes original box, manual, ext...

I can provide picures if needed.

I'll include a Mercurial STC-1000 'X-Y-Z' pad. An interesting midi controller. More info here

<http://www.thinkmig.com/stc1000.html>

\$1100 plus shipping . USA Only please.

Thanks
